

Colon cancer Awareness Saves Unlimited Adult Lives
IN MEMORY OF HELEN PHILLIPS

C.A.S.U.A.L. Day Frequently Asked Questions

What is C.A.S.U.A.L. Day?

C.A.S.U.A.L. (Colon cancer Awareness Saves Unlimited Adult Lives) Day is a program to raise awareness about the importance of screening and early detection for colon cancer in northeast Pennsylvania. The event takes place each year at the end of March - Colorectal Cancer Awareness Month. On this day, participants dress C.A.S.U.A.L. while wearing a specially designed pin, silicone wrist-band and/or custom t-shirt (long-sleeve or short-sleeve) to promote awareness and have a casual conversation about colon cancer.

How did C.A.S.U.A.L. Day evolve?

In February of 2002, Helen Phillips was diagnosed with colon cancer. Less than six months later, the cancer took her life. In 2003, Helen's family and friends approached the Cancer Institute to undertake a community awareness initiative to promote colorectal cancer screening - a preventative act which might have saved Helen's life. In 2018, more than 8,000 individuals participated in C.A.S.U.A.L. Day. All proceeds stay in northeast Pennsylvania. 2019 marks 16 years of this program.

Why is it important to bring awareness to colorectal cancer?

Colon and rectal cancers are one of the most frequently diagnosed cancers in areas of northeast Pennsylvania with incidence rates about 10% higher than the United States average. Over 520 new cases are diagnosed, and nearly 200 patients die from colon cancer each year in Lackawanna, Luzerne, Monroe, Pike, Susquehanna, Wayne, and Wyoming counties combined.

How are C.A.S.U.A.L. Day proceeds used?

Proceeds from the event benefit Northeast Regional Cancer Institute efforts to raise colorectal cancer awareness and support colorectal cancer screenings for low income, un/underinsured individuals.

How do I participate in C.A.S.U.A.L. Day?
